Dear <<First Name>> <<Last Name>>:

Covenant Care California, LLC (“Covenant Care”) is writing to make you aware of an incident that may affect some of your information. Covenant Care owns and operates skilled nursing facilities and home health agencies throughout California and Nevada. Covenant Care also previously provided rehabilitation services through a company called AFFIRMA, including at Fairview Skilled Nursing, and currently provides home healthcare services under the names Focus Health, Elevate Home Health, Choice Home Health Care, Choice Personal Care and San Diego Home Health. You are receiving this notice because you are a current or former patient or responsible party for a patient at one of our facilities. This notice provides you with information about the incident, our response, and steps you may take to help protect your personal information, should you feel it is appropriate to do so.

**What Happened?** On or about November 14, 2023, Covenant Care identified suspicious activity related to certain systems within its computer network. In response, we promptly took steps to secure our systems and began an investigation into the activity. The investigation determined that an unauthorized party copied certain files from our systems as part of the incident between November 12 and November 14, 2023. We then undertook a comprehensive, detailed review of the relevant files to determine what information was present and to whom it relates. We completed our review on August 9, 2024, and thereafter reviewed our internal records in order to identify accurate address information and provide notification to individuals as quickly as possible.

**What Information Was Involved?** Our investigation determined that the following information was present in the relevant files: name, <<Data Elements>>.

**What We Are Doing.** Information privacy and security are among our highest priorities. Covenant Care’s technical, administrative, and physical safeguards are being reviewed to identify and implement any potential enhancements to its security measures, including installation of additional technical safeguards to our network. Further, our general privacy and security policies and procedures are being reviewed for potential enhancements. We also reported this incident to federal law enforcement and appropriate state and federal regulators. As an added precaution, Covenant Care is offering you access to <<12/24>> months of credit monitoring and identity protection services at no cost to you. You will find information on how to enroll in these services in the “Steps You Can Take To Help Protect Personal Information” section of this letter. ### Monitor Your Accounts

Under U.S. law, a consumer is entitled to one free credit report annually from each of the three major credit reporting bureaus, Equifax, Experian, and TransUnion. To order a free credit report, visit [www.annualcreditreport.com](http://www.annualcreditreport.com) or call, toll-free, 1-877-322-8228. Consumers may also directly contact the three major credit reporting bureaus listed below to request a free copy of their credit report.

Consumers have the right to place an initial or extended “fraud alert” on a credit file at no cost. An initial fraud alert is a 1-year alert that is placed on a consumer’s credit file. Upon seeing a fraud alert display on a consumer’s credit file, a business is required to take steps to verify the consumer’s identity before extending new credit. If consumers are the victim of identity theft, they are entitled to an extended fraud alert, which is a fraud alert lasting seven years. Should consumers wish to place a fraud alert, please contact any of the three major credit reporting bureaus listed below.

As an alternative to a fraud alert, consumers have the right to place a “credit freeze” on a credit report, which will prohibit a credit bureau from releasing information in the credit report without the consumer’s express authorization. The credit freeze is designed to prevent credit, loans, and services from being approved in a consumer’s name without consent. However, consumers should be aware that using a credit freeze to take control over who gets access to the personal and financial information in their credit report may delay, interfere with, or prohibit the timely approval of any subsequent request or application they make regarding a new loan, credit, mortgage, or any other account involving the extension of credit. Pursuant to federal law, consumers cannot be charged to place or lift a credit freeze on their credit report. To request a credit freeze, individuals may need to provide some or all of the following information:

1. Full name (including middle initial as well as Jr., Sr., II, III, etc.);
2. Social Security number;
3. Date of birth;
4. Addresses for the prior two to five years;
5. Proof of current address, such as a current utility bill or telephone bill;
6. A legible photocopy of a government-issued identification card (state driver’s license or ID card, etc.); and
7. A copy of either the police report, investigative report, or complaint to a law enforcement agency concerning identity theft if they are a victim of identity theft.

Should consumers wish to place a credit freeze or fraud alert, please contact the three major credit reporting bureaus listed below:
