Subject: Notice of Data <<Variable Text 1: Breach or Security Incident>>

Dear <<First Name>> <<Last Name>>,

I am writing to inform you of a recent data security incident experienced by Gateway Rehabilitation Center (“Gateway Rehab”) that may have involved your personal and/or protected information. Gateway Rehab is committed to maintaining your trust and demonstrating our commitment to the privacy and security of all information in our possession. That is why we are contacting you to notify you that this incident occurred and to provide you with resources to assist. We encourage you to read this information carefully.

**What Happened?** On June 13, 2022, Gateway Rehab discovered that it had experienced an incident disrupting access to certain of its systems. Gateway Rehab took immediate steps to secure these systems and promptly launched an investigation. In so doing, Gateway Rehab engaged independent digital forensics and incident response experts to determine what happened and to identify any information that may have been accessed or acquired without authorization. As a result of that investigation, Gateway Rehab confirmed on July 8, 2022 that data potentially containing personal and/or protected health information may have been impacted, and began a comprehensive review process to discern the exact nature of the information and the individuals involved. That review concluded on September 21, 2022 and confirmed that your personal and/or protected health information may have been in the data that was compromised, which is the reason for this notification.

**What Information Was Involved?** The information potentially impacted in connection with this incident included your name as well as your <<Variable Text 2: Potentially Impacted Data Sets>>.

**What Are We Doing?** As soon as Gateway Rehab discovered this incident, Gateway Rehab took steps to secure its systems and engaged an independent digital forensics firm to conduct an investigation. Gateway Rehab also reported the incident to the Federal Bureau of Investigation and will cooperate with any resulting investigation. In addition, Gateway Rehab has implemented measures to enhance the security of its digital environment to minimize the risk of a similar incident occurring in the future.

Please note that Gateway Rehab has no evidence that any of the potentially impacted information has been misused. ## STEPS YOU CAN TAKE TO HELP PROTECT YOUR INFORMATION

**Review Your Account Statements and Notify Law Enforcement of Suspicious Activity:** As a precautionary measure, we recommend that you remain vigilant by reviewing your account statements and credit reports closely. If you detect any suspicious activity on an account, you should promptly notify the financial institution or company with which the account is maintained. You also should promptly report any fraudulent activity or any suspected incidence of identity theft to proper law enforcement authorities, your state attorney general, and/or the Federal Trade Commission (FTC).

**Copy of Credit Report:** You may obtain a free copy of your credit report from each of the three major credit reporting agencies once every 12 months by visiting <http://www.annualcreditreport.com/>, calling toll-free 1-877-322-8228, or by completing an Annual Credit Report Request Form and mailing it to Annual Credit Report Request Service, P.O. Box 105281, Atlanta, GA 30348. You also can contact one of the following three national credit reporting agencies:

**Equifax**

Atlanta, GA 30348  
1-800-525-6285

**Experian**

**Fraud Alert:** You may want to consider placing a fraud alert on your credit report. An initial fraud alert is free and will stay on your credit file for at least one year. The alert informs creditors of possible fraudulent activity within your report and requests that the creditor contact you prior to establishing any accounts in your name. To place a fraud alert on your credit report, contact any of the three credit reporting agencies identified above. Additional information is available at <http://www.annualcreditreport.com>.

**Security Freeze:** You have the right to put a security freeze on your credit file for up to one year at no cost. This will prevent new credit from being opened in your name without the use of a PIN number that is issued to you when you initiate the freeze. A security freeze is designed to prevent potential creditors from accessing your credit report without your consent. As a result, using a security freeze may interfere with or delay your ability to obtain credit. You must separately place a security freeze on your credit file with each credit reporting agency. In order to place a security freeze, you may be required to provide the consumer reporting agency with information that identifies you including your full name, Social Security number, date of birth, current and previous addresses, a copy of your state-issued identification card, and a recent utility bill, bank statement or insurance statement.

**Additional Free Resources:** You can obtain information from the consumer reporting agencies, the FTC, or from your respective state Attorney General about fraud alerts, security freezes, and steps you can take toward preventing identity theft. You may report suspected identity theft to local law enforcement, including to the FTC or to the Attorney General in your state.
