Re: Cybersecurity Incident Involving Association of Texas Professional Educators

Dear Attorney General Frey:

Wilson Elser Moskowitz Edelman and Dicker LLP (“Wilson Elser”) represents Association of Texas Professional Educators (“ATPE”), with respect to a recent cybersecurity incident that was discovered by ATPE on February 12, 2024 (hereinafter, the “Incident”) that impacted ATPE’s network environment. ATPE takes the security and privacy of the information in its control very seriously, and has taken steps to prevent a similar incident from occurring in the future.

This letter will serve to inform you of the nature of the Incident, what information may have been compromised, the number of Maine residents being notified, and the steps that ATPE has taken in response to the Incident. We have also enclosed hereto a sample of the notification made to the potentially impacted individuals, which includes an offer of free credit monitoring services.

1. Nature of the Incident

On February 12, 2024, ATPE became aware of suspicious activities on its network. ATPE immediately disconnected all access to the network and promptly engaged a specialized third-party cybersecurity firm and IT personnel to assist with securing the environment, as well as, to conduct a comprehensive forensic investigation to determine the nature and scope of the incident. The forensic investigation concluded on or about March 20, 2024 and found evidence that some of ATPE’s systems were accessed by an unauthorized user.

Based on these findings, ATPE began reviewing the affected systems to identify the specific individuals and types of information that may have been compromised. While this process was ongoing, ATPE provided substitute notice by posting notice on its website on April 12, 2024 and media notice on April 15, 2024. On or about June 3, 2024, ATPE finalized the list of remaining individuals to notify by mail.

Although ATPE is unaware of any fraudulent misuse of information, it is possible the following information may have been subject to unauthorized access. Please note, the information potentially impacted varied by individuals.

For employees (former and current): name; address; Social Security number; passport number; driver's license number/state-issued identification card; financial information; and medical records. The information varied by employee.

For dependents of employees: name; address; Social Security number; and date of birth. The information varied by dependent.

For members who joined before May 15, 2021: names; address; dates of birth; Social Security number and/or Tax Identification Number if employers used it as an identifier; and medical records if the member transmitted this type of information to ATPE. For those members who received a payment from ATPE through an ACH transaction financial account information may have been subject to unauthorized access. The information varied by member.

As of this writing, ATPE has not received any reports of related identity theft since the date of the incident (February 12, 2024 to Present).

2. Impacted individuals

A total of 27 Maine residents may have been potentially affected by this incident. Notification letters to these individuals were mailed on June 14, 2024 by U.S. first class mail. A sample copy of the notification letter is attached as **Exhibit A**.

3. Steps taken in response to the Incident

Data privacy and security is among ATPE's highest priorities, and we are committed to doing everything we can to protect the privacy and security of the personal information in our care. Since the discovery of the incident, ATPE moved quickly to investigate, respond, and confirm the security of our systems. Specifically, ATPE disconnected all access to our network, changed administrative credentials, installed enhanced security safeguards on ATPE environment and endpoints; and restored ATPE website in a Microsoft Azure hosted environment. ATPE took steps and will continue to take steps to mitigate the risk of future harm.

Although ATPE is not aware of any actual or attempted misuse of the affected personal information, ATPE offered 12 months of complimentary credit monitoring and identity theft restoration services through Cyberscout, a TransUnion company specializing in fraud assistance and remediation services, to all affected individuals to help protect their identity. Additionally, ATPE provided guidance on how to better protect against identity theft and fraud, including providing information on how to place a fraud alert and security freeze on one's credit file, the contact details for the national consumer reporting agencies, information on how to obtain a free credit report, a reminder to remain vigilant for incidents of fraud and identity theft by

reviewing account statements and monitoring free credit reports, and the contact details for the Federal Trade Commission.

4. Contact Information

ATPE remains dedicated to protecting the sensitive information in its control. If you have any questions or need additional information, please do not hesitate to contact me at Jennifer.Stegmaier@wilsonelser.com or 312-821-6167.

Very truly yours,

Wilson Elser Moskowitz Edelman & Dicker LLP

Jennifer S. Stegmaier

Re: Notice of Data Breach

Dear :

Association of Texas Professional Educators (“ATPE”), located at 305 E. Huntland Drive, #300, Austin, Texas 78752, is writing to inform you of a recent data security incident that may have resulted in an unauthorized access to your sensitive personal information. While we are unaware of any fraudulent misuse of your personal information at this time, we are providing you with details about the incident, steps we are taking in response, and resources available to help you protect against the potential misuse of your information.

What Happened?

On February 12, 2024, ATPE became aware of suspicious activities on its network. ATPE immediately disconnected all access to the network and promptly engaged a specialized third-party cybersecurity firm and IT personnel to assist with securing the environment, as well as, to conduct a comprehensive forensic investigation to determine the nature and scope of the incident. The forensic investigation concluded on or about March 20, 2024 and found evidence that some of ATPE’s systems were accessed by an unauthorized user.

Based on these findings, ATPE began reviewing the affected systems to identify the specific individuals and types of information that may have been compromised. While this process was ongoing, ATPE notified the affected individuals residing in Texas by substitute notice on April 12, 2024 and media notice on April 15, 2024. On or about June 3, 2024, ATPE finalized the list of remaining individuals to notify by mail.

What Information Was Involved?

Although ATPE has no evidence that any sensitive information has been misused by third parties as a result of this incident, we are notifying you out of an abundance of caution and for purposes of full transparency. Based on the investigation, the following information related to you may have been subject to unauthorized access:

For members who joined before May 15, 2021, names, address, dates of birth, Social Security number and/or Tax Identification Number if employers used it as an identifier, and medical records if the member transmitted this type of information to ATPE. For those members who received a payment from ATPE through an ACH transaction financial account information may have been subject to unauthorized access.

What We Are Doing

Data privacy and security is among ATPE’s highest priorities, and we are committed to doing everything we can to protect the privacy and security of the personal information in our care. Since the discovery of the incident, ATPE moved quickly to investigate, respond, and confirm the security of our systems. Specifically, ATPE

0000102G0400

P

disconnected all access to our network, changed administrative credentials, installed enhanced security safeguards on ATPE environment and endpoints; and restored ATPE website in a Microsoft Azure hosted environment. ATPE took steps and will continue to take steps to mitigate the risk of future harm.

In light of the incident, we are also providing you with access to Single Bureau Credit Monitoring/Single Bureau Credit Report/Single Bureau Credit Score services at no charge. These services provide you with alerts for twelve (12) months from the date of enrollment when changes occur to your credit file. This notification is sent to you the same day that the change or update takes place with the bureau. Finally, we are providing you with proactive fraud assistance to help with any questions that you might have or in event that you become a victim of fraud. These services will be provided by Cyberscout, a TransUnion company specializing in fraud assistance and remediation services. While we are covering the cost of these services, you will need to complete the activation process by following the instructions below.

What You Can Do

We encourage you to remain vigilant against incidents of identity theft and fraud, to review your account statements, and to monitor your credit reports for suspicious or unauthorized activity. Additionally, security experts suggest that you contact your financial institution and all major credit bureaus to inform them of such a breach and then take whatever steps are recommended to protect your interests, including the possible placement of a fraud alert on your credit file. Please review the enclosed *Steps You Can Take to Help Protect Your Information*, to learn more about how to protect against the possibility of information misuse.

You may also activate the credit monitoring services we are making available to you at no cost. The deadline to enroll is September 15, 2024.

To enroll in Credit Monitoring services at no charge, please log on to **<https://bfs.cyberscout.com/activate>** and follow the instructions provided. When prompted please provide the following unique code to receive services:

██████████

In order for you to receive the monitoring services described above, you must enroll within 90 days from the date of this letter. The enrollment requires an internet connection and e-mail account and may not be available to minors under the age of 18 years of age. Please note that when signing up for monitoring services, you may be asked to verify personal information for your own protection to confirm your identity.

We would like to reiterate that, at this time, there is no evidence that your information was misused. However, we encourage you to take full advantage of the services offered.

For More Information

If you have any questions or concerns not addressed in this letter, please call 1-833-566-8476 (toll free) Monday through Friday, during the hours of 8:00 a.m. and 8:00 p.m. Eastern Time (excluding U.S. national holidays).

ATPE sincerely regrets any concern or inconvenience this matter may cause, and remains dedicated to ensuring the privacy and security of all information in our control.

Sincerely,

Gary Richardson
Associate Executive Director
Association of Texas Professional Educators

Steps You Can Take to Help Protect Your Information

Credit Reports: You may obtain a copy of your credit report, free of charge, whether or not you suspect any unauthorized activity on your account. You may obtain a free copy of your credit report from each of the three nationwide credit reporting agencies. To order your free credit report, please visit www.annualcreditreport.com, or call toll-free at 1-877-322-8228. You can also order your annual free credit report by mailing a completed Annual Credit Report Request Form (available at <https://www.consumer.ftc.gov/articles/0155-free-credit-reports>) to: Annual Credit Report Request Service, P.O. Box 105281, Atlanta, GA, 30348-5281.

Fraud Alerts: You can place fraud alerts with the three credit bureaus by phone or online. A fraud alert tells creditors to follow certain procedures, including contacting you, before they open any new accounts or change your existing accounts. For that reason, placing a fraud alert can protect you, but also may delay you when you seek to obtain credit. As of September 21, 2018, initial fraud alerts last for one year. Victims of identity theft can also get an extended fraud alert for seven years.

Monitoring: You should always remain vigilant for incidents of fraud and identity theft by reviewing credit card account statements and by monitoring your credit report for suspicious or unusual activity.

Security Freeze: You have the right to place a security freeze on your credit report. A security freeze is intended to prevent credit, loans, and services from being approved in your name without your consent. To place a security freeze on your credit report, you need to make a request to each consumer reporting agency. You may make that request by certified mail, overnight mail, regular stamped mail, or by following the instructions found at the websites listed below. The following information must be included when requesting a security freeze (note that if you are requesting a credit report for your spouse or a minor under the age of 16, this information must be provided for him/her as well): (1) full name, with middle initial and any suffixes; (2) Social Security number; (3) date of birth; (4) current address and any previous addresses for the past five years; and (5) any applicable incident report or complaint with a law enforcement agency or the Registry of Motor Vehicles. The request must also include a copy of a government-issued identification card and a copy of a recent utility bill or bank or insurance statement. It is essential that each copy be legible, display your name and current mailing address, and the date of issue. As of September 21, 2018, it is free to place, lift, or remove a security freeze. You may also place a security freeze for children under the age of 16. You may obtain a free security freeze by contacting any one or more of the following national consumer reporting agencies:

Experian
P.O. Box 9554
Allen, TX 75013
1-888-397-3742

TransUnion
P.O. Box 160
Woodlyn, PA 19094

File Police Report: You have the right to file or obtain a police report if you experience identity fraud. Please note that in order to file a crime report or incident report with law enforcement for identity theft, you will likely need to provide proof that you have been a victim. A police report is often required to dispute fraudulent items. You can generally report suspected incidents of identity theft to local law enforcement or to the Attorney General.

FTC and Attorneys General: You can further educate yourself regarding identity theft, fraud alerts, security freezes, and the steps you can take to protect yourself, by contacting the consumer reporting

agencies, the Federal Trade Commission, or your state Attorney General. The Federal Trade Commission can be reached at: 600 Pennsylvania Avenue NW, Washington, DC 20580, www.identitytheft.gov, 1-877-ID-THEFT (1-877-438-4338), TTY: 1-866-653-4261. The Federal Trade Commission also encourages those who discover that their information has been misused to file a complaint with them. You can obtain further information on how to file such a complaint by way of the contact information listed above. Instances of known or suspected identity theft should also be reported to law enforcement.

For residents of Iowa: State law advises you to report any suspected identity theft to law enforcement or to the Attorney General.

For residents of Massachusetts: It is required by state law that you are informed of your right to obtain a police report filed in regard to this incident. If you are the victim of identity theft, you also have the right to file a police report and obtain a copy of it.

For residents of New Mexico: State law advises you to review personal account statements and credit reports, as applicable, to detect errors resulting from the security breach. You have rights pursuant to the Fair Credit Reporting Act, such as the right to be told if information in your credit file has been used against you, the right to know what is in your credit file, the right to ask for your credit score, and the right to dispute incomplete or inaccurate information. Further, pursuant to the Fair Credit Reporting Act, the consumer reporting agencies must correct or delete inaccurate, incomplete, or unverifiable information; consumer reporting agencies may not report outdated negative information; access to your file is limited; you must give your consent for credit reports to be provided to employers; you may limit “prescreened” offers of credit and insurance you get based on information in your credit report; and you may seek damages from violators. You may have additional rights under the Fair Credit Reporting Act not summarized here. Identity theft victims and active duty military personnel have specific additional rights pursuant to the Fair Credit Reporting Act. We encourage you to review your rights pursuant to the Fair Credit Reporting Act at www.consumerfinance.gov/f/201504_cfpb_summary_your-rights-under-fcra.pdf or by writing Consumer Response Center, Room 130-A, Federal Trade Commission, 600 Pennsylvania Ave. N.W., Washington, D.C. 20580.

For residents of Oregon: State law advises you to report any suspected identity theft to law enforcement, including the Attorney General, and the Federal Trade Commission.

For residents of Rhode Island: It is required by state law that you are informed of your right to file or obtain a police report in regard to this incident.

For residents of Arizona, Colorado, District of Columbia, Illinois, Maryland, New York, North Carolina, and Rhode Island: You can obtain information from the Offices of the Attorney General and the Federal Trade Commission about fraud alerts, security freezes, and steps you can take toward preventing identity theft.
