SOUTHERN DISTRICT OF CALIFORNIA**

BARAN POLAT, Individually and
On Behalf of All Others Similarly
Situated,

Plaintiff,

v.

REGULUS THERAPEUTICS INC.,
PAUL C. GRINT, and JOSEPH P.
HAGAN,

Defendants.

Case No. '17CV0182 BTM RBB

**COMPLAINT FOR VIOLATION
OF THE FEDERAL SECURITIES
LAWS**

DEMAND FOR JURY TRIAL

CLASS ACTION COMPLAINT

Plaintiff Baran Polat (“Plaintiff”), on behalf of himself and all other persons similarly situated, by his undersigned attorneys, alleges the following based upon personal knowledge as to himself, and upon information and belief as to all other matters, based upon, *inter alia*, the investigation conducted by and through his attorneys, which included, among other things, a review of the Defendants’ public documents, conference calls and announcements made by Defendants, United States Securities and

1 Exchange Commission (“SEC”) filings, wire and press releases published by and
2 regarding Regulus Therapeutics Inc. (“Regulus” or the “Company”), analysts’ reports
3 and advisories about the Company, and information readily obtainable on the Internet.
4
5 Plaintiff believes that substantial evidentiary support will exist for the allegations set
6 forth herein after a reasonable opportunity for discovery.

7
8 **NATURE OF THE ACTION**

9 1. This is a federal securities class action on behalf of a class consisting of all
10 persons other than Defendants who purchased or otherwise acquired Regulus securities
11 between January 21, 2016 and June 27, 2016, both dates inclusive (the “Class Period”),
12 seeking to recover damages caused by Defendants’ violations of the federal securities
13 laws and to pursue remedies under Sections 10(b) and 20(a) of the Securities Exchange
14 Act of 1934 (the “Exchange Act”) and Rule 10b-5 promulgated thereunder, against the
15 Company and certain of its top officials.
16
17

18 2. Regulus is a biopharmaceutical company that focuses on the discovery and
19 development of drugs that target microRNAs to treat and prevent various diseases,
20 including hepatitis C infections, cardiovascular, fibrosis, oncology, immune-
21 inflammatory, and metabolic diseases. One of its main clinical development products is
22 RG-101, a GalNAc-conjugated anti-miR targeting miR-122 to treat patients with
23 hepatitis C virus (“HCV”) infection.
24
25
26
27
28

1 3. Founded in 2007, Regulus is headquartered in San Diego, California. The
2 Company's shares trade on the Nasdaq Global Market ("NASDAQ") under the ticker
3 symbol "RGLS."

4
5 4. Throughout the Class Period, Defendants made materially false and
6 misleading statements regarding the Company's business, operational and compliance
7 policies. Specifically, Defendants made false and/or misleading statements and/or failed
8 to disclose that: (i) patients treated with RG-101 were at increased risk of contracting
9 jaundice; (ii) consequently, the Company had overstated RG-101's approval prospects
10 and/or commercial viability; and (iii) as a result of the foregoing, Regulus's public
11 statements were materially false and misleading at all relevant times.
12
13

14
15 5. On June 27, 2016, post-market, Regulus announced that it had received
16 verbal notice from the U.S. Food and Drug Administration ("FDA") that the FDA had
17 placed RG-101 on clinical hold after a second serious adverse event of jaundice was
18 reported in a patient treated with the drug.
19

20 6. On this news, Regulus's share price fell \$2.47, or more than 49%, to close
21 at \$2.54 on June 28, 2016.
22

23 7. As a result of Defendants' wrongful acts and omissions, and the precipitous
24 decline in the market value of the Company's securities, Plaintiff and other Class
25 members have suffered significant losses and damages.
26
27
28

JURISDICTION AND VENUE

1
2 8. The claims asserted herein arise under §§10(b) and 20(a) of the Exchange
3 Act (15 U.S.C. §§78j(b) and 78t(a)) and Rule 10b-5 promulgated thereunder (17 C.F.R.
4 §240.10b-5).
5

6 9. This Court has jurisdiction over the subject matter of this action pursuant to
7 28 U.S.C. §1331 and §27 of the Exchange Act (15 U.S.C. § 78aa).
8

9 10. Venue is properly laid in this District pursuant to §27 of the Exchange Act
10 and 28 U.S.C. §1391(b). The acts and conduct complained of herein occurred in
11 substantial part in this District.
12

13 11. In connection with the acts alleged in this complaint, Defendants, directly or
14 indirectly, used the means and instrumentalities of interstate commerce, including, but
15 not limited to, the mails, interstate telephone communications and the facilities of the
16 national securities markets.
17

18
19 **PARTIES**

20 12. Plaintiff, as set forth in the attached Certification, acquired Regulus
21 securities at artificially inflated prices during the Class Period and was damaged upon
22 the revelation of the alleged corrective disclosures.
23

24 13. Defendant Regulus is incorporated in Delaware, and the Company's
25 principal executive offices are located at 10614 Science Center Drive, San Diego,

4 Executive Officer (“CEO”), President and Director since June 2015.
5

6 15. Defendant Joseph P. Hagan (“Hagan”) has served as the Company’s
7 Principal Financial and Accounting Officer and Chief Operating Officer since January

Materially False and Misleading Statements Issued During the Class Period

1
2 18. The Class Period begins on January 21, 2016, when Regulus issued a press
3 release titled "Regulus Completes RG-101 Enrollment in Phase II Combination Study."

4
5 The news release stated, in relevant part:

6 "Regulus begins 2016 with a multi-faceted clinical development
7 plan for RG-101 in both Europe and the United States which we
8 believe, if successful, will position our lead microRNA
9 therapeutic well against the backdrop of the rapidly evolving
10 HCV landscape," said Paul Grint, M.D., President and CEO of
11 Regulus. "Regulus aims to enhance the value of RG-101 by
12 maturing its profile in combination with oral agents and in
13 certain underserved patient populations and we look forward to
14 reporting results from multiple studies throughout 2016."

15 ...

16 **Enrollment Complete in Phase II Combination Study;**
17 **Interim Results in mid-Feb.** Regulus announced today that
18 patient enrollment is now complete in an ongoing Phase II
19 study evaluating the combination of RG-101 with multiple
20 approved DAAs. Treatment-naïve patients chronically infected
21 with genotypes 1 or 4 were randomized to one of three
22 treatment arms (n=78). Patients receive a single subcutaneous
23 injection of 2 mg/kg of RG-101, followed by 28 days of
24 once/daily DAAs Harvoni®, Olysio®, or Daklinza®, followed
25 by an additional subcutaneous injection of 2 mg/kg of RG-101
26 on Day 29. Regulus is planning to report interim results from
27 this study in mid-February 2016 in time for submission for
28 potential publication at the European Association for the Study
of the Liver (EASL) annual meeting. Primary endpoint results
for sustained viral response data 12 weeks following conclusion
of treatment (SVR12) are anticipated to be disclosed late in Q2
2016.

1 19. On February 17, 2016, Regulus issued a press release titled “RG-101
2 Interim Analysis Shows 97% Response at 8 Week Follow-Up.” The news release stated,
3 in relevant part:
4

5 To date, RG-101 has been generally well tolerated with the
6 majority of adverse events considered mild or moderate, and
7 with no study discontinuations. For those patients through 12
8 weeks of follow-up, 100% remained below the limit of
9 quantification (14/14). The primary endpoint analysis (12 week
10 follow up) for all 79 patients in the study are anticipated to be
11 reported in late Q2 2016.

12 ...

13 “These sustained virologic responses demonstrate the potential
14 ability of RG-101 to successfully reduce currently marketed
15 oral treatment regimens to just four weeks, a major clinical
16 breakthrough that the HCV field has not been able to achieve
17 until today and I look forward to future results,” said Eric
18 Lawitz, M.D., Vice President, Scientific and Research
19 Development, The Texas Liver Institute, and Clinical Professor
20 of Medicine, University of Texas Health Science Center in San
21 Antonio. “In addition, I believe this novel approach might
22 allow treating physicians to overcome compliance issues in a
23 wide variety of patient populations.”

24 “The potent antiviral activity and sustained, durable responses
25 observed from this interim analysis, provide evidence that RG-
26 101 may have clinical utility as a potential backbone agent in
27 combination with oral therapies to treat a wide range of HCV
28 patients,” said Paul Grint, M.D., President and CEO of Regulus.
29 ***“Based on the results announced today, Regulus intends to
30 accelerate development of RG-101 given its promising
31 potential to shorten treatment regimens.”***

32 (Emphasis added.)

1 20. On February 23, 2016, Regulus filed an annual report on Form 10-K with
2 the SEC, announcing the Company's financial and operating results for the quarter and
3 fiscal year ended December 31, 2015 (the "2015 10-K"). For the quarter, Regulus
4 reported a net loss of \$7.23 million, or \$0.14 per diluted share, on revenue of \$10.86
5 million, compared to a net loss of \$22.17 million, or \$0.47 per diluted share, on revenue
6 of \$4.22 million for the same period in the prior year. For fiscal year 2015, Regulus
7 reported a net loss of \$55.75 million or \$1.08 per diluted share, on revenue of \$20.76
8 million, compared to a net loss of \$ 56.68 million or \$1.29 per diluted share, on revenue
9 of \$7.67 million for fiscal year 2014.
10
11

12
13 21. In the 2015 10-K, Regulus stated in part:
14

15 **'Clinical Map Initiative' Goals**

16 To advance our *microRNA* therapeutics pipeline and
17 biomarkers platform over the next several years, we have
18 outlined specific goals under our 'Clinical Map Initiative'
19 strategy. We are developing RG-101, a GalNAc-conjugated
20 anti-miR targeting miR-122, a host factor for the hepatitis C
21 virus, or HCV, infection. In addition, we are developing RG-
22 012, an anti-miR targeting *microRNA*-21 for the treatment of
23 Alport syndrome, a life-threatening kidney disease driven by
24 genetic mutations with no approved therapy. We are also
25 advancing several programs toward clinical development in
26 areas such as oncology and fibrosis, both independently and
27 with our strategic alliance partners AstraZeneca and Sanofi.
28 Under our strategic alliance with AstraZeneca, AstraZeneca
recently commenced clinical development of RG-125, a
GalNAc-conjugated anti-miR targeting *microRNA*-103/107 for
the treatment of nonalcoholic steatohepatitis, or NASH, in
patients with type 2 diabetes/pre-diabetes.

1 RG-101: In August 2015, we initiated a Phase II study
2 investigating RG-101 designed to evaluate a shortened, four-
3 week treatment regimen containing a subcutaneous
4 administration of 2 mg/kg of RG-101 at Day 1 and Day 29, in
5 combination with oral direct-acting antiviral agents Harvoni®,
6 Olysio®, and Daklinza® for 28 days. In February, 2016, we
7 announced interim results from the clinical study. Thirty-eight
8 patients had been evaluated through 8 weeks of follow up.
9 Ninety-seven percent of those patients (37/38) had HCV RNA
10 viral load measurements below the limit of quantification. For
11 those patients through 12 weeks of follow-up, 100% remained
12 below the limit of quantification (14/14). To date, RG-101 has
13 been generally well tolerated with the majority of adverse
14 events considered mild or moderate (headache and fatigue most
15 commonly reported, each at approximately 11%), two SAEs
16 reported during the follow-up period, and with no study
17 discontinuations. The primary endpoint analysis (12 week
18 follow up) for all 79 patients in the study are anticipated to be
19 reported in second quarter of 2016. To expand the potential
20 development of RG-101, in November 2015 we entered into a
21 clinical trial collaboration and formulation agreement with GSK
22 LLC. In the first quarter of 2016, we plan to initiate a Phase II
23 study evaluating the potential to achieve sustained viral
24 responses post treatment with a single subcutaneous
25 administration of RG-101 in combination with daily oral
26 administrations of GSK2878175, a non-nucleoside NS5B
27 polymerase inhibitor, for up to 12 weeks in treatment-naïve
28 patients chronically infected with HCV genotypes 1 and 3.
Concurrently, GSK will work on developing a long-acting
parenteral formulation for injection (“LAP”) of GSK2878175
which could improve patient compliance through reduced
dosing intervals and potentially extend opportunities for HCV
therapeutic intervention. This LAP formulation of
GSK2878175 may be used in potential additional clinical trials
together with RG-101 following completion of the planned
Phase II study. Neither we nor GSK has any further obligations
or commitments beyond the contemplated study under the
clinical trial collaboration agreement.

1 22. The 2015 10-K contained certifications pursuant to SOX by Defendants
2 Grint and Hagan, stating that the financial information contained in the 2015 10-K was
3 accurate and disclosed any material changes to the Company's internal control over
4 financial reporting.
5

6 23. The statements referenced in ¶¶ 18-22 were materially false and misleading
7 because Defendants made false and/or misleading statements, as well as failed to
8 disclose material adverse facts about the Company's business, operational and
9 compliance policies. Specifically, Defendants made false and/or misleading statements
10 and/or failed to disclose that: (i) patients treated with RG-101 were at increased risk of
11 contracting jaundice; (ii) consequently, the Company had overstated RG-101's approval
12 prospects and/or commercial viability; and (iii) as a result of the foregoing, Regulus's
13 public statements were materially false and misleading at all relevant times.
14
15
16

17 **The Truth Begins To Emerge**
18

19 24. On April 15, 2016, Bloomberg reported that Regulus announced interim
20 data from Phase 2 studies for RG-101 at the International Liver Congress 2016 in
21 Barcelona, Spain. According to the report, the presentation further addressed serious
22 adverse effects for RG-101, such as "jaundice, fatigue, abdominal pain, nausea, follow-
23 up indicated patient diabetes and alcohol consumption."
24
25

26 25. On this news, Regulus' share price fell \$0.90, or 11.07%, to close at \$7.23
27 on April 15, 2016.
28

1 26. On May 3, 2016, Regulus filed a quarterly report on Form 10-Q with the
2 SEC, announcing the Company's financial and operating results for the quarter ended
3 March 31, 2016 (the "Q1 2016 10-Q"). For the quarter, Regulus reported a net loss of
4 \$21.21 million, or \$0.40 per diluted share, on revenue of \$490,000, compared to a net
5 loss of \$14.49 million, or \$0.29 per diluted share, on revenue of \$4.20 million for the
6 same period in the prior year.
7

8
9 27. In the Q1 2016 10-Q, the Company stated in pertinent part:

10 **Development Stage Pipeline**

11 ...

12
13 RG-101: We are currently evaluating RG-101 in several Phase
14 I/II studies.

15 In August 2015, we initiated a Phase II study investigating RG-
16 101 designed to evaluate a shortened, four-week treatment
17 regimen containing a subcutaneous administration of 2 mg/kg
18 of RG-101 at Day 1 and Day 29, in combination with oral
19 direct-acting antiviral agents Harvoni®, Olysio®, and
20 Daklinza® for 28 days... To date, RG-101 has been generally
21 well tolerated with the majority of adverse events considered
22 mild or moderate, and with no study discontinuations. The
23 primary endpoint analysis (12 week follow up) for all 79
24 patients in the study are anticipated to be reported in late Q2
25 2016.

26 28. The Q1 2016 10-Q contained certifications pursuant to SOX by Defendants
27 Grint and Hagan, stating that the financial information contained in the Q1 2016 10-Q
28 was accurate and disclosed any material changes to the Company's internal control over
financial reporting.

1 29. On June 7, 2016, Regulus issued a press release announcing top-line results
2 from the primary endpoint analysis for ongoing Phase II studies of RG-101. The press
3 released stated in part:
4

5 The results from this interim analysis demonstrate significant
6 virologic response through 24 weeks of follow-up. RG-101 plus
7 Harvoni continues to demonstrate 100% response rates. As we
8 previously reported, the combination of RG-101 plus either
9 Olysio or Daklinza monotherapies have seen small numbers of
10 viral relapse. The results we report herein include four new
11 relapses: two in the Olysio arm (weeks 20 and 32) and two in
12 the Daklinza arm (weeks 12 and 24). RG-101 in combination
13 with four weeks of oral DAA therapy has been generally well
14 tolerated with the majority of adverse events considered mild or
15 moderate, and with no study discontinuations. Commonly
16 reported adverse events (AEs) included fatigue, headache, and
17 injection site reactions.

18 30. On June 27, 2016, post-market, Regulus announced that it had received
19 verbal notice from the FDA that it had placed RG-101 on clinical hold after a second
20 serious adverse event of jaundice was reported in a patient treated with the drug.
21

22 31. As a result of this news, Regulus's share price fell \$2.47, or more than 49%,
23 to close at \$2.54 on June 28, 2016.
24

25 32. As a result of Defendants' wrongful acts and omissions, and the precipitous
26 decline in the market value of the Company's securities, Plaintiff and other Class
27 members have suffered significant losses and damages.
28

Post-Class Period Disclosures

1
2 33. On January 27, 2017, post-market, Regulus announced that the FDA would
3 not reconsider the clinical hold on RG-101 until the agency had received the final safety
4 and efficacy data from ongoing clinical and pre-clinical studies. Regulus advised
5 investors that the Company expected the requested data to be available in the fourth
6 quarter of 2017.
7
8

9 **PLAINTIFF’S CLASS ACTION ALLEGATIONS**

10 34. Plaintiff brings this action as a class action pursuant to Federal Rule of Civil
11 Procedure 23(a) and (b)(3) on behalf of a Class, consisting of all those who purchased or
12 otherwise acquired Regulus securities during the Class Period (the “Class”); and were
13 damaged upon the revelation of the alleged corrective disclosures. Excluded from the
14 Class are Defendants herein, the officers and directors of the Company, at all relevant
15 times, members of their immediate families and their legal representatives, heirs,
16 successors or assigns and any entity in which Defendants have or had a controlling
17 interest.
18
19
20

21 35. The members of the Class are so numerous that joinder of all members is
22 impracticable. Throughout the Class Period, Regulus securities were actively traded on
23 the NASDAQ. While the exact number of Class members is unknown to Plaintiff at this
24 time and can be ascertained only through appropriate discovery, Plaintiff believes that
25 there are hundreds or thousands of members in the proposed Class. Record owners and
26
27
28

1 other members of the Class may be identified from records maintained by Regulus or its
2 transfer agent and may be notified of the pendency of this action by mail, using the form
3 of notice similar to that customarily used in securities class actions.
4

5 36. Plaintiff's claims are typical of the claims of the members of the Class as all
6 members of the Class are similarly affected by Defendants' wrongful conduct in
7 violation of federal law that is complained of herein.
8

9 37. Plaintiff will fairly and adequately protect the interests of the members of
10 the Class and has retained counsel competent and experienced in class and securities
11 litigation. Plaintiff has no interests antagonistic to or in conflict with those of the Class.
12

13 38. Common questions of law and fact exist as to all members of the Class and
14 predominate over any questions solely affecting individual members of the Class.
15 Among the questions of law and fact common to the Class are:
16

- 17 • whether the federal securities laws were violated by Defendants' acts as
18 alleged herein;
- 19 • whether statements made by Defendants to the investing public during
20 the Class Period misrepresented material facts about the business,
21 operations and management of Regulus;
- 22 • whether the Individual Defendants caused Regulus to issue false and
23 misleading financial statements during the Class Period;
- 24 • whether Defendants acted knowingly or recklessly in issuing false and
25 misleading financial statements;
- 26 • whether the prices of Regulus securities during the Class Period were
27 artificially inflated because of the Defendants' conduct complained of
28 herein; and

- 1 • whether the members of the Class have sustained damages and, if so,
2 what is the proper measure of damages.

3
4 39. A class action is superior to all other available methods for the fair and
5 efficient adjudication of this controversy since joinder of all members is impracticable.
6 Furthermore, as the damages suffered by individual Class members may be relatively
7 small, the expense and burden of individual litigation make it impossible for members of
8 the Class to individually redress the wrongs done to them. There will be no difficulty in
9 the management of this action as a class action.
10

11
12 40. Plaintiff will rely, in part, upon the presumption of reliance established by
13 the fraud-on-the-market doctrine in that:

- 14 • Defendants made public misrepresentations or failed to disclose material
15 facts during the Class Period;
16
17 • the omissions and misrepresentations were material;
18
19 • Regulus securities are traded in an efficient market;
20
21 • the Company's shares were liquid and traded with moderate to heavy
22 volume during the Class Period;
23
24 • the Company traded on the NASDAQ and was covered by multiple
25 analysts;
26
27 • the misrepresentations and omissions alleged would tend to induce a
28 reasonable investor to misjudge the value of the Company's securities;
and
• Plaintiff and members of the Class purchased, acquired and/or sold
Regulus securities between the time the Defendants failed to disclose or

1 misrepresented material facts and the time the true facts were disclosed,
2 without knowledge of the omitted or misrepresented facts.

3 41. Based upon the foregoing, Plaintiff and the members of the Class are
4 entitled to a presumption of reliance upon the integrity of the market.

5 42. Alternatively, Plaintiff and the members of the Class are entitled to the
6 presumption of reliance established by the Supreme Court in *Affiliated Ute Citizens of*
7 *the State of Utah v. United States*, 406 U.S. 128, 92 S. Ct. 2430 (1972), as Defendants
8 omitted material information in their Class Period statements in violation of a duty to
9 disclose such information, as detailed above.
10
11

12 **COUNT I**

13 **(Against All Defendants For Violations of**
14 **Section 10(b) And Rule 10b-5 Promulgated Thereunder)**

15 43. Plaintiff repeats and realleges each and every allegation contained above as
16 if fully set forth herein.
17

18 44. This Count is asserted against Defendants and is based upon Section 10(b)
19 of the Exchange Act, 15 U.S.C. § 78j(b), and Rule 10b-5 promulgated thereunder by the
20 SEC.
21

22 45. During the Class Period, Defendants engaged in a plan, scheme, conspiracy
23 and course of conduct, pursuant to which they knowingly or recklessly engaged in acts,
24 transactions, practices and courses of business which operated as a fraud and deceit upon
25 Plaintiff and the other members of the Class; made various untrue statements of material
26
27
28

1 facts and omitted to state material facts necessary in order to make the statements made,
2 in light of the circumstances under which they were made, not misleading; and employed
3 devices, schemes and artifices to defraud in connection with the purchase and sale of
4 securities. Such scheme was intended to, and, throughout the Class Period, did: (i)
5 deceive the investing public, including Plaintiff and other Class members, as alleged
6 herein; (ii) artificially inflate and maintain the market price of Regulus securities; and
7 (iii) cause Plaintiff and other members of the Class to purchase or otherwise acquire
8 Regulus securities and options at artificially inflated prices. In furtherance of this
9 unlawful scheme, plan and course of conduct, Defendants, and each of them, took the
10 actions set forth herein.
11
12
13

14 46. Pursuant to the above plan, scheme, conspiracy and course of conduct, each
15 of the Defendants participated directly or indirectly in the preparation and/or issuance of
16 the quarterly and annual reports, SEC filings, press releases and other statements and
17 documents described above, including statements made to securities analysts and the
18 media that were designed to influence the market for Regulus securities. Such reports,
19 filings, releases and statements were materially false and misleading in that they failed to
20 disclose material adverse information and misrepresented the truth about Regulus's
21 finances and business prospects.
22
23
24

25 47. By virtue of their positions at Regulus, Defendants had actual knowledge
26 of the materially false and misleading statements and material omissions alleged herein
27
28

1 and intended thereby to deceive Plaintiff and the other members of the Class, or, in the
2 alternative, Defendants acted with reckless disregard for the truth in that they failed or
3 refused to ascertain and disclose such facts as would reveal the materially false and
4 misleading nature of the statements made, although such facts were readily available to
5 Defendants. Said acts and omissions of Defendants were committed willfully or with
6 reckless disregard for the truth. In addition, each Defendant knew or recklessly
7 disregarded that material facts were being misrepresented or omitted as described above.
8

9
10 48. Information showing that Defendants acted knowingly or with reckless
11 disregard for the truth is peculiarly within Defendants' knowledge and control. As the
12 senior managers and/or directors of Regulus, the Individual Defendants had knowledge
13 of the details of Regulus's internal affairs.
14

15
16 49. The Individual Defendants are liable both directly and indirectly for the
17 wrongs complained of herein. Because of their positions of control and authority, the
18 Individual Defendants were able to and did, directly or indirectly, control the content of
19 the statements of Regulus. As officers and/or directors of a publicly-held company, the
20 Individual Defendants had a duty to disseminate timely, accurate, and truthful
21 information with respect to Regulus's businesses, operations, future financial condition
22 and future prospects. As a result of the dissemination of the aforementioned false and
23 misleading reports, releases and public statements, the market price of Regulus securities
24 was artificially inflated throughout the Class Period. In ignorance of the adverse facts
25
26
27
28

1 concerning Regulus's business and financial condition which were concealed by
2 Defendants, Plaintiff and the other members of the Class purchased or otherwise
3 acquired Regulus securities at artificially inflated prices and relied upon the price of the
4 securities, the integrity of the market for the securities and/or upon statements
5 disseminated by Defendants, and were damaged thereby.
6

7
8 50. During the Class Period, Regulus securities were traded on an active and
9 efficient market. Plaintiff and the other members of the Class, relying on the materially
10 false and misleading statements described herein, which the Defendants made, issued or
11 caused to be disseminated, or relying upon the integrity of the market, purchased or
12 otherwise acquired shares of Regulus securities at prices artificially inflated by
13 Defendants' wrongful conduct. Had Plaintiff and the other members of the Class known
14 the truth, they would not have purchased or otherwise acquired said securities, or would
15 not have purchased or otherwise acquired them at the inflated prices that were paid. At
16 the time of the purchases and/or acquisitions by Plaintiff and the Class, the true value of
17 Regulus securities was substantially lower than the prices paid by Plaintiff and the other
18 members of the Class. The market price of Regulus securities declined sharply upon
19 public disclosure of the facts alleged herein to the injury of Plaintiff and Class members.
20
21

22
23
24 51. By reason of the conduct alleged herein, Defendants knowingly or
25 recklessly, directly or indirectly, have violated Section 10(b) of the Exchange Act and
26 Rule 10b-5 promulgated thereunder.
27
28

1 52. As a direct and proximate result of Defendants' wrongful conduct, Plaintiff
2 and the other members of the Class suffered damages in connection with their respective
3 purchases, acquisitions and sales of the Company's securities during the Class Period,
4 upon the disclosure that the Company had been disseminating misrepresented financial
5 statements to the investing public.
6

7
8 **COUNT II**

9 **(Violations of Section 20(a) of the**
10 **Exchange Act Against The Individual Defendants)**

11 53. Plaintiff repeats and realleges each and every allegation contained in the
12 foregoing paragraphs as if fully set forth herein.
13

14 54. During the Class Period, the Individual Defendants participated in the
15 operation and management of Regulus, and conducted and participated, directly and
16 indirectly, in the conduct of Regulus's business affairs. Because of their senior
17 positions, they knew the adverse non-public information about Regulus's misstatement
18 of income and expenses and false financial statements.
19

20 55. As officers and/or directors of a publicly owned company, the Individual
21 Defendants had a duty to disseminate accurate and truthful information with respect to
22 Regulus's financial condition and results of operations, and to correct promptly any
23 public statements issued by Regulus which had become materially false or misleading.
24

25 56. Because of their positions of control and authority as senior officers, the
26 Individual Defendants were able to, and did, control the contents of the various reports,
27
28

1 press releases and public filings which Regulus disseminated in the marketplace during
2 the Class Period concerning Regulus's results of operations. Throughout the Class
3 Period, the Individual Defendants exercised their power and authority to cause Regulus
4 to engage in the wrongful acts complained of herein. The Individual Defendants
5 therefore, were "controlling persons" of Regulus within the meaning of Section 20(a) of
6 the Exchange Act. In this capacity, they participated in the unlawful conduct alleged
7 which artificially inflated the market price of Regulus securities.
8

9
10 57. Each of the Individual Defendants, therefore, acted as a controlling person
11 of Regulus. By reason of their senior management positions and/or being directors of
12 Regulus, each of the Individual Defendants had the power to direct the actions of, and
13 exercised the same to cause, Regulus to engage in the unlawful acts and conduct
14 complained of herein. Each of the Individual Defendants exercised control over the
15 general operations of Regulus and possessed the power to control the specific activities
16 which comprise the primary violations about which Plaintiff and the other members of
17 the Class complain.
18
19
20

21 58. By reason of the above conduct, the Individual Defendants are liable
22 pursuant to Section 20(a) of the Exchange Act for the violations committed by Regulus.
23

24 **PRAYER FOR RELIEF**

25
26 **WHEREFORE**, Plaintiff demands judgment against Defendants as follows:
27
28

1 A. Determining that the instant action may be maintained as a class action
2 under Rule 23 of the Federal Rules of Civil Procedure, and certifying Plaintiff as the
3 Class representative;

4
5 B. Requiring Defendants to pay damages sustained by Plaintiff and the Class
6 by reason of the acts and transactions alleged herein;

7
8 C. Awarding Plaintiff and the other members of the Class prejudgment and
9 post-judgment interest, as well as their reasonable attorneys' fees, expert fees and other
10 costs; and

11
12 D. Awarding such other and further relief as this Court may deem just and
13 proper.

14
15 **DEMAND FOR TRIAL BY JURY**

16 Plaintiff hereby demands a trial by jury.

INSTRUCTIONS FOR ATTORNEYS COMPLETING CIVIL COVER SHEET FORM JS 44

Authority For Civil Cover Sheet

The JS 44 civil cover sheet and the information contained herein neither replaces nor supplements the filings and service of pleading or other papers as required by law, except as provided by local rules of court. This form, approved by the Judicial Conference of the United States in September 1974, is required for the use of the Clerk of Court for the purpose of initiating the civil docket sheet. Consequently, a civil cover sheet is submitted to the Clerk of Court for each civil complaint filed. The attorney filing a case should complete the form as follows:

- I.(a) Plaintiffs-Defendants.** Enter names (last, first, middle initial) of plaintiff and defendant. If the plaintiff or defendant is a government agency, use only the full name or standard abbreviations. If the plaintiff or defendant is an official within a government agency, identify first the agency and then the official, giving both name and title.
 - (b) County of Residence.** For each civil case filed, except U.S. plaintiff cases, enter the name of the county where the first listed plaintiff resides at the time of filing. In U.S. plaintiff cases, enter the name of the county in which the first listed defendant resides at the time of filing. (NOTE: In land condemnation cases, the county of residence of the "defendant" is the location of the tract of land involved.)
 - (c) Attorneys.** Enter the firm name, address, telephone number, and attorney of record. If there are several attorneys, list them on an attachment, noting in this section "(see attachment)".
- II. Jurisdiction.** The basis of jurisdiction is set forth under Rule 8(a), F.R.Cv.P., which requires that jurisdictions be shown in pleadings. Place an "X" in one of the boxes. If there is more than one basis of jurisdiction, precedence is given in the order shown below.
 United States plaintiff. (1) Jurisdiction based on 28 U.S.C. 1345 and 1348. Suits by agencies and officers of the United States are included here.
 United States defendant. (2) When the plaintiff is suing the United States, its officers or agencies, place an "X" in this box.
 Federal question. (3) This refers to suits under 28 U.S.C. 1331, where jurisdiction arises under the Constitution of the United States, an amendment to the Constitution, an act of Congress or a treaty of the United States. In cases where the U.S. is a party, the U.S. plaintiff or defendant code takes precedence, and box 1 or 2 should be marked.
 Diversity of citizenship. (4) This refers to suits under 28 U.S.C. 1332, where parties are citizens of different states. When Box 4 is checked, the citizenship of the different parties must be checked. (See Section III below; **NOTE: federal question actions take precedence over diversity cases.**)
- III. Residence (citizenship) of Principal Parties.** This section of the JS 44 is to be completed if diversity of citizenship was indicated above. Mark this section for each principal party.
- IV. Nature of Suit.** Place an "X" in the appropriate box. If the nature of suit cannot be determined, be sure the cause of action, in Section VI below, is sufficient to enable the deputy clerk or the statistical clerk(s) in the Administrative Office to determine the nature of suit. If the cause fits more than one nature of suit, select the most definitive.
- V. Origin.** Place an "X" in one of the six boxes.
 Original Proceedings. (1) Cases which originate in the United States district courts.
 Removed from State Court. (2) Proceedings initiated in state courts may be removed to the district courts under Title 28 U.S.C., Section 1441. When the petition for removal is granted, check this box.
 Remanded from Appellate Court. (3) Check this box for cases remanded to the district court for further action. Use the date of remand as the filing date.
 Reinstated or Reopened. (4) Check this box for cases reinstated or reopened in the district court. Use the reopening date as the filing date.
 Transferred from Another District. (5) For cases transferred under Title 28 U.S.C. Section 1404(a). Do not use this for within district transfers or multidistrict litigation transfers.
 Multidistrict Litigation. (6) Check this box when a multidistrict case is transferred into the district under authority of Title 28 U.S.C. Section 1407. When this box is checked, do not check (5) above.
- VI. Cause of Action.** Report the civil statute directly related to the cause of action and give a brief description of the cause. **Do not cite jurisdictional statutes unless diversity.** Example: U.S. Civil Statute: 47 USC 553 Brief Description: Unauthorized reception of cable service
- VII. Requested in Complaint.** Class Action. Place an "X" in this box if you are filing a class action under Rule 23, F.R.Cv.P.
 Demand. In this space enter the actual dollar amount being demanded or indicate other demand, such as a preliminary injunction.
 Jury Demand. Check the appropriate box to indicate whether or not a jury is being demanded.
- VIII. Related Cases.** This section of the JS 44 is used to reference related pending cases, if any. If there are related pending cases, insert the docket numbers and the corresponding judge names for such cases.

Date and Attorney Signature. Date and sign the civil cover sheet.
