JURISDICTION AND VENUE

22. This Court has subject matter jurisdiction over this matter pursuant to 28 U.S.C. §§ 1331 and 1337.

23. This Court has supplemental jurisdiction over Plaintiffs' state law claims pursuant to 28 U.S.C. § 1367 because Plaintiffs' NJ WARN Act claims arise out of the same nucleus of operative facts as Plaintiffs' Federal WARN Act claims.

24. This Court has diversity jurisdiction over Plaintiffs' state law claims pursuant to 28 U.S.C. § 1332 as the amount in controversy exceeds \$75,000 and Named Plaintiffs and Defendants are citizens of different states.

25. The Court has diversity jurisdiction over Plaintiffs' state law claims pursuant to 28 U.S.C. § 1332(d) as at least one member of the putative class is a citizen of a different State from at least one defendant, and the amount in controversy exceeds \$5,000,000.00, exclusive of interest and costs.

26. Pursuant to 28 U.S.C. § 1391, venue in this district is proper because a substantial part of the events or omissions giving rise to the claims asserted herein occurred in this District.

CLASS ALLEGATIONS

27. This action is properly maintainable as a class action pursuant to Rule 23 of the Federal Rules of Civil Procedure.

28. This action is brought on behalf of Named Plaintiffs and the Putative Class consisting of each and every person who worked for Defendants and had their employment terminated as a result of Defendants' mass layoffs, termination of operations, and/or plant closure or whose employment was terminated as the reasonably foreseeable consequence of the mass layoffs, termination of operations, and/or plant closure ordered by Defendants (the "Putative Class" or "Putative Class Members").

29. The Putative Class is so numerous that joinder of all members is impracticable. The size of the Putative Class is believed to be in excess of 40 individuals. In addition, the names of all Putative Class Members are not known.

30. The questions of law and fact common to the Putative Class predominate over any questions affecting only individual members. These questions include, but are not limited to: (1) whether Putative Class Members are entitled to the protection of the NJ WARN Act and federal WARN Act; (2) whether Putative Class members were employees of Defendants; (3) whether Putative Class Members' employment was terminated due to mass layoffs, termination of operations, and/or plant closure; (4) whether Defendants failed to provide at least sixty (60) days' prior written notice to Putative Class Members regarding the termination of their employment as required by the federal WARN Act; (5) whether Defendants failed to provide at least sixty (60) days' prior written notice to Putative Class Members regarding the termination of their employment as required by the New Jersey WARN Act; (6) whether Defendants failed to pay Putative Class Members wages and to provide other employee benefits following their loss of employment; and (7) any issues or arguments that Defendants may raise as affirmative defenses.

31. The claims of Named Plaintiffs are typical of the claims of the Putative Class because they are all former employees of Defendants who experienced loss of employment without at least sixty (60) days' prior written notice of their termination under Federal law and at least ninety (90) days' prior written notice under New Jersey law, and sustained damages, including the non-payment of compensation, including but not limited to wages and other employee benefits, for a 60-day period following their respective employment losses. Named Plaintiffs and Putative Class Members have thus sustained similar injuries as a result of Defendants' actions.

32. The defenses that Defendants are likely to assert against Named Plaintiffs' claims are typical of the defenses that Defendants are likely to assert against the claims of the Putative Class.

33. Named Plaintiffs and their counsel will fairly and adequately protect the interests of the Putative Class.

34. Named Plaintiffs have retained counsel experienced in complex wage and hour litigation.

35. A class action is superior to other available methods for the fair and efficient adjudication of this controversy.

36. Named Plaintiffs and the individual Putative Class Members lack the financial resources to adequately prosecute separate lawsuits against Defendants. A class action will also prevent unduly duplicative litigation resulting from inconsistent judgments pertaining to Defendants' unlawful policies.
