Subject: Notice of Data <<Variable Text 2: Security Incident / Breach>>

Dear <<First Name>> <<Last Name>>:

We are writing to inform you about a recent data security incident experienced by Tycon Medical Systems, Inc. (“Tycon”) that may have involved your personal information. Tycon is a home medical equipment provider and distributor based in Norfolk, Virginia. Please read this letter carefully as it contains details about the incident and resources you can utilize to protect your information, including instructions for enrolling in complimentary credit monitoring and identity theft protection services.

What Happened? On October 15, 2024, Tycon became aware of unusual activity that disrupted access to certain systems. Upon discovery, Tycon took steps to secure its network and engaged a leading, independent digital forensics and incident response firm to investigate what happened and whether any sensitive data may have been impacted. The investigation subsequently revealed certain personal information was accessed and acquired without authorization by an unknown actor on or about October 17, 2024. Tycon undertook a comprehensive review of the impacted data to identify the individuals and information involved, which concluded on December 20, 2024. We then took steps to notify you of the incident as quickly as possible. Please note that Tycon has no evidence of any actual or suspected misuse of information involved in this incident.

What Information Was Involved? The information that was potentially impacted during this incident may have included your name, as well as your <<Variable Text 1: Data Elements>>.

What Are We Doing? As soon as Tycon discovered the incident, we took steps to secure our network environment and enlisted a leading, independent cybersecurity firm to conduct a forensic investigation. We also reported the incident to the FBI and will cooperate with any resulting investigation. In addition, we have implemented several measures to enhance our security posture and reduce the risk of similar future incidents.

We are also offering you access to complimentary credit monitoring and identity theft protection services through IDX – a data breach and recovery services expert. These services include: <<12/24>> months of credit¹ and CyberScan monitoring, a \$1,000,000 insurance reimbursement policy, and fully managed identity theft recovery services. With this protection, IDX will help you resolve issues if your identity is compromised.

To enroll, please scan the QR code above, call 1-877-719-7478, or visit <https://response.idx.us/tycon> and provide the enrollment code at the top of this letter. Please note you must enroll by March 30, 2025. You will need to reference the enrollment code when calling or enrolling online, so please do not discard this letter.

¹ To receive credit monitoring services, you must be over the age of 18 and have established credit in the U.S., have a Social Security number in your name, and have a U.S. residential address associated with your credit file.

What Can You Do? We encourage you to enroll in the credit protection services we are offering, which are at no cost to you. Please also review the guidance at the end of this letter which includes additional resources you may utilize to help protect your information.

For More Information: If you have questions or need assistance, please visit <https://response.idx.us/tycon> or contact 1-877-719-7478, Monday through Friday from 9:00 a.m. to 9:00 p.m. Eastern Time, excluding major U.S. holidays. IDX representatives are fully versed on this incident and can help answer questions you may have regarding the protection of your information.

Sincerely,

Tycon Medical Systems, Inc.

801 Orapax Street
Norfolk, VA 23507

STEPS YOU CAN TAKE TO HELP PROTECT YOUR INFORMATION

Review Your Account Statements and Notify Law Enforcement of Suspicious Activity: As a precautionary measure, we recommend that you remain vigilant by reviewing your account statements and monitoring free credit reports closely for errors and by taking other steps appropriate to protect accounts, including promptly changing passwords. If you detect any suspicious activity on an account, you should promptly notify the financial institution or company with which the account is maintained for remediation assistance or contact a remediation service provider. You also should promptly report any fraudulent activity or any suspected incidence of identity theft to proper law enforcement authorities, your state attorney general, and/or the Federal Trade Commission (FTC). You should also contact your local law enforcement authorities and file a police report. Obtain a copy of the police report in case you are asked to provide copies to creditors to correct your records. Contact information for the FTC is as follows:

Federal Trade Commission, Consumer Response Center, 600 Pennsylvania Ave, NW, Washington, DC 20580, 1-877-IDTHEFT (438-4338), www.consumer.ftc.gov, www.ftc.gov/idtheft.

Copy of Credit Report: You may obtain a free copy of your credit report from each of the three major credit reporting agencies once every 12 months by visiting <http://www.annualcreditreport.com/>, calling toll-free 877-322-8228, or by completing an Annual Credit Report Request Form and mailing it to Annual Credit Report Request Service, P.O. Box 105281, Atlanta, GA 30348. You can print this form at <https://www.annualcreditreport.com/cra/requestformfinal.pdf>. You also can contact one of the following three national credit reporting agencies:

Equifax, P.O. Box 740241, Atlanta, GA 30374, 1-800-525-6285, www.equifax.com.

Experian, P.O. Box 9532, Allen, TX 75013, 1-888-397-3742, www.experian.com.

TransUnion, P.O. Box 1000, Chester, PA 19016, 1-800-916-8800, www.transunion.com.

Fraud Alerts: There are two kinds of general fraud alerts you can place on your credit report—an initial alert and an extended alert. You may want to consider placing either or both fraud alerts on your credit report. An initial fraud alert is free and will stay on your credit file for at least 90 days. The alert informs creditors of possible fraudulent activity within your report and requests that the creditor contact you prior to establishing any accounts in your name. You may have an extended alert placed on your credit report if you have already been a victim of identity theft and provide the appropriate documentary proof. An extended fraud alert is also free and will stay on your credit report for seven years. To place a fraud alert on your credit report, contact any of the three credit reporting agencies identified above. Additional information is available at <http://www.annualcreditreport.com>. Military members may also place an Active Duty Military Fraud Alert on their credit reports while deployed. An Active Duty Military Fraud Alert lasts for one year and can be renewed for the length of your deployment

Credit or Security Freezes: Under U.S. law, you have the right to put a credit freeze, also known as a security freeze, on your credit file, for up to one year at no cost. The freeze will prevent new credit from being opened in your name without the use of a PIN number that is issued to you when you initiate the freeze. A security freeze is designed to prevent potential creditors from accessing your credit report without your consent. As a result, using a security freeze may interfere with or delay your ability to obtain credit.

You must separately place a security freeze on your credit file with each credit reporting agency. There is no fee to place or lift a security freeze. For information and instructions on how to place a security freeze, contact any of the credit reporting agencies or the FTC identified above. In order to place a security freeze, you may be required to provide the consumer reporting agency with information that identifies you including your full name, Social Security number, date of birth, current and previous addresses, a copy of your state-issued identification card, and a recent utility bill, bank statement or insurance statement. After receiving your freeze request, each credit bureau will provide you with a unique PIN or password. Keep the PIN or password in a safe place as you will need it if you choose to lift the freeze.

A freeze remains in place until you ask the credit bureau to temporarily lift it or remove it altogether. If the request is made online or via phone, a credit bureau must lift the credit freeze within an hour. If the request is made by mail then the bureau must lift the freeze no later than three business days after receiving your request.

IRS Identity Protection PIN: You can obtain an identity protection PIN (IP PIN) from the IRS that prevents someone else from filing a tax return using your Social Security number. The IP PIN is known only to you and the IRS and helps the IRS verify your identity when you file your electronic or paper tax return. You can learn more and obtain your IP PIN here: <https://www.irs.gov/identity-theft-fraud-scams/get-an-identity-protection-pin>.

You also have certain rights under the Fair Credit Reporting Act (FCRA): These rights include the right to know what is in your file; to dispute incomplete or inaccurate information; to have consumer reporting agencies correct or delete inaccurate, incomplete, or unverifiable information. For more information about the FCRA, and your rights pursuant to the FCRA, please visit http://files.consumerfinance.gov/f/201504_cfpb_summary_your-rights-under-fcra.pdf.

Additional Free Resources: You can obtain information from the consumer reporting agencies, the FTC, or from your respective state attorney general about fraud alerts, security freezes, and steps you can take toward preventing identity theft. You may report suspected identity theft to local law enforcement, including to the FTC or to the attorney general in your state.
